

MILKING PARLORS

As specialists in ag buildings, Fox Structures designs and builds milking parlors for operations of all sizes. Every project is unique, however. Yours will be, too ... because we start with you.

With your help, we'll create the ideal facility design and plan. You can tap Fox for complete design/build services and for general contractor support, including the coordination of all sub contractors. We'll maintain our solid standards for quality work, but we'll be flexible in working with you to get the job done quickly and efficiently. Our owners will be right there, on site to ensure your satisfaction.

Fox is the ideal contractor to build your milking parlors:

- Provides complete design/build services including engineering and architectural support
- Offers complete project management
- Proficient in erecting wood, steel or masonry structures
- Experienced in various ventilation designs
- Effectively schedules subcontractors to ensure project stays on time and within budget
- Guarantees highest quality work at highly competitive pricing

Fox specializes in the design and construction of all agricultural buildings:

- Milking parlors
- Freestalls
- Youngstock buildings
- Special livestock facilities
- Maintenance buildings
- Commodity facilities
